On the Anniversary of the September 11th Attacks...

*We honor the memory of
Carol Dellefemine Bouchard*

On September 11, 2001 Carol Bouchard was aboard Flight 11 - the first airplane to crash into the World Trade Center. On that day America lost so many people, in senseless, tragic and unbelievable acts of terrorism.

Carol left behind many, many precious memories of her kindness and extraordinary sense of humor. She had been a long time mentor and the program liaison for Koch Eye Associates. Carol always went the extra mile to help her mentees and create educational and cultural experiences for them that were far beyond anything that could be expected.

In her memory, knowing how important the Warwick Mentor Program was to Carol, her family established a Scholarship Fund to benefit a graduating Warwick High School mentee. The Board and Staff of MENTOR Rhode Island are honored to be entrusted to continue to perpetuate Carol's legacy, her efforts to make a positive difference in the lives of children, through the Carol Bouchard Memorial Scholarship Fund. Over the years, we have awarded over \$10,000 in scholarship money to mentees who have worked hard to overcome

obstacles and need financial assistance to help make their dreams of a bright future come true.

On this day of national sadness, we celebrate Carol's life and her many contributions to the Warwick Mentor Program.

"Darkness cannot drive out darkness: only light can do that. Hate cannot drive out hate: only love can do that."

-Martin Luther King Jr., A Testament of Hope: The Essential Writings and Speeches
